

Dear River Oaks members and valued guests:

Nova Scotia has been very successful in combating the Covid-19 pandemic but the work and sacrifices are not done. River Oaks has followed all the directives of NS Public Health this far, and intend to with the new regulations. Now complying with the directive issued on Wednesday September 29th the River Oaks management has implemented the following rules effective Monday October 4th, that **ALL** persons aged 12 and above who come to River Oaks Golf Club for whatever purpose are required to show Proof of Vaccination (POV) and proof of a government issued photo ID in accordance with Nova Scotia Health Emergency Rules.

These POV rules limiting access to RO apply outdoors and indoors, from playing golf to any access to Club house facilities. Simply put POV and photo ID is required for any and all access to the River Oaks property. Remember also that masks are required inside the clubhouse, pro shop included.

These POV rules apply to **members, guests and all persons** attending functions held at River Oaks without exception.

To assist in the process, we would ask anyone coming to our facility to have readily available, proof of vaccination along with a piece of government issued photo ID! NO EXCEPTIONS!  
Any POV rules and restrictions will be kept in place as long as the COVID Health Emergency continues and is required by law.

Again, please have your POV and photo ID with you anytime you are at River Oaks

Members, guests and any person who does not provide a POV to River Oaks staff will be denied access to the club.

Please remember that anyone asking about your POV is **only following** the rules and are to be respected for doing their duty.

Please show patience as we move forward into this next phase.

If you have any questions or concerns, please direct them to GM Graeme Burke [burkegraeme@gmail.com](mailto:burkegraeme@gmail.com)  
Thank you for cooperating and protecting one another in this very difficult situation.
